

ANTICIPATING FUTURES FOR CIVIL SOCIETY OPERATING SPACE

Part of the Solidarity Action Network (SANE), this three-year initiative (2022 – 2025) strengthens anticipatory capacities and future readiness of civil society professionals who are working to defend and expand civic and civil society operating space.

2022

PREPARING THE GROUND

Landscape Mapping

...was conducted to understand the crises and trends impacting civic space, analyse (I)CSOs' responses, and identify gaps for future collective action.

International Civic Forum 2022

...highlighted the importance of (I)CSOs adopting anticipatory approaches to shrinking civic space, emphasising the use of futures thinking to enhance cross-sector capacity and drive collective action.

2023

DEVELOPING AND ENGAGING ON FUTURE SCENARIOS

Foresight Exercise "A history of civic space, 2024-2034"

...utilised the narrative-based foresight method ParEvo, engaging civil society professionals in crafting possible civic space futures.

International Civic Forum 2023

...gathered civil society representatives on how to translate future civic space scenarios into strategies and build anticipatory capacity.

2024

BUILDING CONCRETE READINESS

Toolkit for Tomorrow: Anticipating Civil Society Futures

...offers (I)CSOs a step-by-step guide to strengthen their ability to anticipate future challenges and opportunities, practice foresight, and build resilience.
